Nar Valley Federation of Primary Academies Governors Newsletter Summer 2018

The final term of this academic year and time again for us to share with parents, families, pupils and staff how we continue to develop and improve our curriculum and the outcomes for pupils across our schools.

With close support from DNEAT we have increased opportunities for personal development of all our staff as well as governors to ensure we keep up to date with new programmes and processes and help prepare for our next set of inspections from OFSTED.

As you all know we increased the variety and types of external educational trips for all our pupils and this is paying dividends as the children increase their knowledge and abilities as a direct result of their experiences. Governors have been monitoring the topic books and have concluded that our pupils are getting a much broader and creative curriculum this year.

Our Year 6 pupils have all completed their final assessments prior to leaving us in the next few weeks to take their places at local High Schools. We wish them well and hope they get to enjoy the next few years of continuing learning and development.

We have our new entrants across all 3 schools ready to start their education in September and look forward to helping these children and their parents & guardians over their time with us in the Nar Valley Federation.

Importantly our leadership team are working with governors to ensure the structure of our teaching and support team are aligned to the needs of our pupils going forward and we will keep you informed as we develop and improve these structures.

This academic year concludes at the end of July and we hope parents, pupils and our staff have a great holiday period and return in September refreshed and eager to start the new academic year ready for the challenges we all face.

Have a great summer and see you all in September.

Mr Mike Dwyer
Chair of Governors, The Nar Valley Federation
