

English/Phonics

CGP Book - first 2 pages

Phonics - tricky words **have**, **some** and **come**. Please write these words on pieces of paper and hide around the house and see if the children can read them and orally put them into a sentence.

Extension activity: can they write a simple sentence using these tricky words and a capital letter to start and a full stop to finish? For example:

I have some cards.

Come into my room.

These sentences can be written in their red books.

Maths

CGP Book - first 2 pages - number recognition and addition

You may like to write some number sentences for your child to complete ie

$$5 + 3 =$$

$$2 + 7 =$$

$$3 + 3 + 3 =$$

Can your child find things around the house that they can use to count?

If they are unsure of how to write the numbers they can refer to a number line.

You may need to write a simple one out for them.

On-line:

Big Numbers Song - <https://www.youtube.com/watch?v=e0dJWfQHF8Y>

Can you sing along with them?

ToDo Maths - this is an App that you can download for free - please be aware that they may offer a 3 day free trial - you can press **NOT NOW** to access it for free. This is good for number formation and you can find addition activities too.

Topic

Hedgy Hedgehog is very sad that he cannot visit you at home at the moment. He wonders whether the children have a small, cuddly friend at home that could share adventures with them? The first adventure is to look for signs of Spring in the garden. How could the children record what they see? Take photos to post on Tapestry? Observational drawing? Craft activity - could they make a daffodil? I am sure they will come up with lots of different creative ideas and I look forward to seeing all their cuddly friends.

Have fun 😊
